

H10FN Fiber Optic Transceivers

Specification

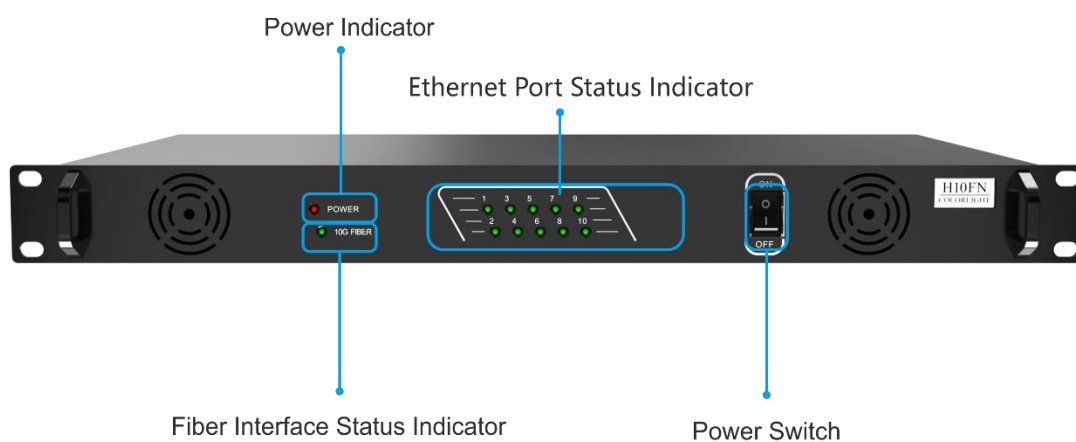

H10FN

1. Features

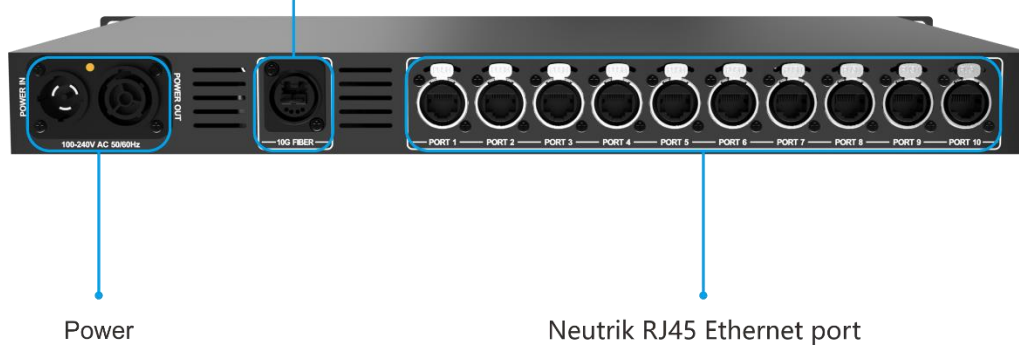

- One Neutrik opticalCON DUO interface, compatible with LC-LC interface, with transmission speeds up to 10Gb/s
- 10 Neutrik RJ45 Ethernet ports, up to 1Gb/s per channel
- 2km transmission distance
- Hot-pluggable
- Single mode twin-core fiber (TCF)

2. Interface Description

Fiber Optical Interface: Neutrik opticalCON DUO

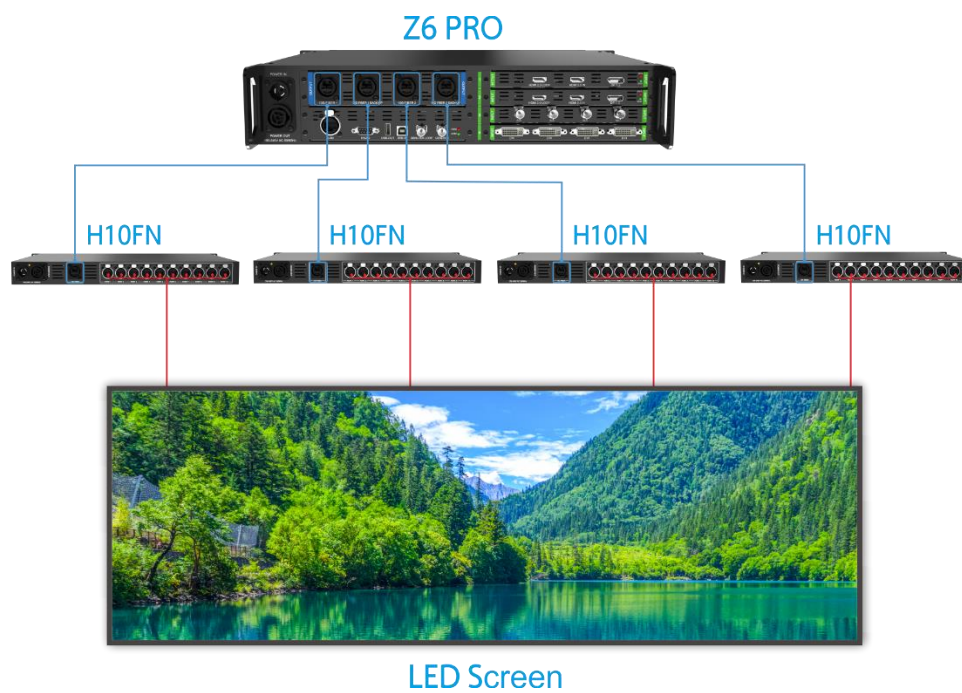

3. Parameters Description

Operating Temperature	0 ~ 70 °C
Power	AC 100~240V
Data Rate	10Gb/s
Working Mode	Single-Mode
Transmission Distance	2km

4. Diagrams

Used in conjunction with the Z6 PRO

5. Product Dimension

Unit: mm
